

# WHITE BEAR LAKE PUBLIC WORKS

*White Bear Lake, MN*

**TYPE OF CONSTRUCTION:**

New Construction

**SIZE:**

55,000 SF

**OWNER:**

City of White Bear Lake

**ARCHITECT:**

Oertel Architects

**DETAILS**

This project included a new public works facility, salt / sand building, an outdoor materials storage area, a fuel island, rain gardens and natural screening elements.

During planning for the new facility Stahl attempted to incorporate as many "green" features as practical: a green roof over the office area, geothermal heating and cooling, passive solar and photovoltaic cells, and energy efficient lighting with motion sensors.
